

Bringing together the UK's acoustics research community

[Learn more](#)

Events

Software Carpentry Workshop for the UK Acoustics Network

📅 Mar 1 - Mar 5, 2021
📍 Online

Webinar - Acoustic wave propagation in water pipes, Yicheng Yu (University of Sheffield)

📅 Mar 2, 2021
📍 Online via Crowdcast

Low cost, low power acoustic communication and sensing: Enabling the Internet of Underwater Things by Jeff Neasham (University of Newcastle)

📅 Mar 10 - Mar 10, 2021
📍 Online

Acoustic sensing from multi-rotor drones by Lin Wang (Queen Mary University of London)

📅 Mar 24 - Mar 24, 2021
📍 Online

Job Opportunities

View our latest jobs, PhD and career opportunities in the acoustics industry:

PhD in turbulent flow induced vibration at University of Sheffield

📅 Closing date for applications: 31 March 2021

PhD Studentship at ISVR: Hydrant Dynamics for Acoustic Leak Detection

📅 Closing date for applications: 1 April 2021

PhD Studentship at ISVR: Transforming Pipeline Leak Detection Using Acoustics and Vibration

📅 Closing date for applications: 1 April 2021

PhD Studentship at ISVR: Pipeline Leak Detection Using Optical Fibres

📅 Closing date for applications: 1 April 2021

ICASE PhD Studentship: Underwater acoustics - Advances in mathematical modelling to study complex sound propagation in an inhomogeneous moving ocean

📅 Closing date for applications: 30 April 2021
